

Canada's national laboratory for particle and nuclear physics  
Laboratoire national canadien pour la recherche en physique nucléaire  
et en physique des particules

The 20<sup>th</sup> International Conference on Cyclotrons and their Applications (CYCLOTRONS' 13) will take place between September 16<sup>th</sup> and 20<sup>th</sup> 2013 in Vancouver, BC Canada at the Marriott Pinnacle Vancouver Hotel.

Physicists, engineers, and technical personnel interested in all facets of cyclotron technology will be present to discuss and review the latest issues, trends and challenges in the field. Historically, the conference has drawn above 200 attendees from around the world.

The Cyclotrons community relies on their partnership with high-tech industry to deliver state of the art materials and technologies. This specialized conference is a perfect venue to promote your industry to the experts. Some of the fields of technology involved in accelerators are Ion Sources, Vacuum, Cryogenics, Radio Frequency, Magnets, Superconductivity, Power Supplies, Beam Diagnostics, Beam Dynamics, Simulations, and Controls.

We have excellent opportunities for both sponsors and exhibitors during our conference.

### **Why Sponsor?**

- Exclusive opportunities throughout the conference to promote your business
- Exposure to cyclotrons specialists from around the world
- Excellent networking opportunity with the experts in the field
